The Legacy Campaign is about impacting people. The decisions that we make today affect not only our generation, but also the generations to come.

As you walk through our facility on any given weekend, the great need for additional space for our growing church family is evident. God is calling us to act now and meet our vital, spatial needs and to prepare for the future growth of our church family.

Together, our people have pledged over \$819,000! If you would like to make a pledge or make changes to your existing pledge you can do so today. The legacy brochures and pledge cards are located in the back of the Sanctuary. Fill one out and place it in the offering basket.
